Experience:

UX Design Intern: *Sept. 2021 - Present*
- Collaborated with an internship team to create an educational website for an academic study produced by an UW professor
- Managed and oversighted over team as lead user experience designer

Theta Tau Brother: *Sept. 2020 - Present*
- Joined a competitive, engineering-focused fraternity
- Actively contributed to committees through excellent communication and organizational skills
- Participated in public projects and community service tasks
- Established important events and plans

The Daily Writer: *Dec. 2020 - Present*
- Wrote for the school's newspaper as a writer under the opinion section, which is dedicated to pieces that center systemic inequality, social justice, and other nuanced topics.
- Participated in a large-scale project to commemorate Women's History Month.

Student Office Assistant: *Nov. 2021 - May 2022*
- Accepted through a work-study program where I developed refined workplace skills in addition to earning income for living costs
- Meticulously filed important documents, correcting errors in student databases
- Creating consolidated reports for the registry that detailed important issues and choices of action.

Pasta & Co. Server: *July 2022 - Present*
- Worked in a renowned catering venue that served a variety of menu items
- Refined my customer service skills as well practical skills, such as money registry, item inventory, etc.
- Memorized multiple, varying procedures for items
- Completed orders in a high-pace and high-stress environment.
